PRECAUTIONARY STATEMENTS

FIRST AID

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for treatment advice.

Have product container with you when calling a poison control center or doctor or going for treatment. You may also call 1-800-225-3320 for emergency medical treatment information.

**HAZARDS TO HUMANS
AND DOMESTIC ANIMALS**

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

PRESCRIPTION TREATMENT brand AVERT Cockroach Bait Stations contain a slow acting insect bait. For best results placement of the bait should be into or near insect harborage sites.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCTION A MANNER INCONSISTENT WITH ITS LABELING.

COCKROACHES: Concentrate treatment at insect activity sites, and other sites where these insects are found.

1. Remove bait stations from wrapper and break apart.
2. For thorough roach control, use as many bait stations as necessary to achieve good coverage and control of the existing infestation for the treated area.
3. For best results, place the bait stations next to the wall along base-boards, in corners, under sinks, in cabinets and near plumbing fixtures. Use under and around equipment and appliances. If possible, place in voids.
4. Bait stations work best on horizontal surfaces touching corners and walls. Remove peel and stick backing on reverse side of bait station before applying to vertical surfaces.
5. Replace bait stations when necessary, approximately every 3 months.

APPLICATIONS IN FOOD HANDLING ESTABLISHMENTS: Food handling establishments include places other than private residences in which food is held, processed, prepared or served.

FOOD AREAS: Includes areas for receiving, storage, packing (canning, bottling, wrapping,

boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Avoid contamination of food. Use as instructed above.

AIRCRAFT CABINS: Place bait stations in suspected and infested cockroach areas. Place bait stations in areas between elements of construction. Use up to 12 bait stations per galley and up to 6 bait stations per rest room. In cargo holds, use 12 to 24 bait stations per 100 sq. feet. Do not use bait stations in cockpit area.

STORAGE & DISPOSAL

STORAGE: Store in a cool, dry area inaccessible to children.

DISPOSAL: Do not reuse! Place empty bait station in trash or offer for recycling if available. If station is partly filled, call your local solid waste agency or call 1-800-CLEANUP for disposal instructions. NEVER PLACE UNUSED PRODUCT DOWN ANY INDOOR OR OUTDOOR DRAIN!
