

# RED RIVER IVM MARKING DYE

## SPRAY COLORANT

### CAUTION

#### KEEP OUT OF REACH OF CHILDREN

Inhalation may cause nasal and respiratory irritation. If inhalation occurs, remove to fresh air. Contact with skin may cause irritation and redness. Flush skin with water until removed. Eye contact may cause irritation and redness. Flush eyes with water for 25 minutes. Ingestion may cause nausea, abdominal discomfort and diarrhea. DO NOT INDUCE VOMITING. Drink two glasses of water and see a physician if symptoms persist.

### GENERAL INFORMATION

**RED RIVER IVM MARKING DYE** is a temporary spray colorant for use in monitoring spray applications. **IVM MARKING DYE** can indicate drift, improve applications, and helps reduce waste from spraying unwanted areas. It may be used with foam markers, industrial and forestry applications with any type of spray equipment, either hand held, back pack, or broadcast.

### APPLICATION RATES

It is suggested that **IVM MARKING DYE** be mixed the rate of 2 to 4 ounces per 40 gallons of liquid (5-10 oz. per 100 gallons). **Note:** The recommended concentration of **IVM MARKING DYE** may be adjusted for specific operations. Higher dosage rates will increase the darkness of the spray pattern.

### WARRANTY

Red River warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to the label instruction, or any abnormal conditions, or under conditions not reasonably foreseeable to Red River, and buyer assumes the risk of any such use.
