Centipede Lawn Fertilizer 15-0-15

Contains Iron and other Micro-Nutrients

DIRECTIONS FOR USE

We have formulated **ferti-lome® CENTIPEDE LAWN FERTILIZER** with Slow Release Plant Food for lasting power. The Super Greening Power in this fertilizer will prevent and correct yellow grass foliage (a sign of lack of Iron). **ferti-lome® CENTIPEDE LAWN FERTILIZER** will give your Lawn the fast Super Green Glow you desire and continue to feed throughout the Summer months. Apply this product at 4 LBS. per 1,000 sq. ft.

1. WHAT IS THIS PACKAGE FOR?

ferti-lome® CENTIPEDE LAWN FERTILIZER is specially formulated just for use in the Spring when the weather begins to warm and again in early Fall for a beautiful Lawn you can be proud of.

2. HOW DO YOU USE IT?

Apply with a fertilizer spreader set from the chart below for even distribution. Make the first application when warm weather has started in the Spring and a second application in early Fall for best results.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn / garden, and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn / garden.

SPREADER GUIDE: ONE BAG WILL COVER UP TO 5,000 SQUARE FEET

These settings can be used only as a guide, they are not absolute. The speed at which the applicator walks, spreader condition and the texture of the turf will alter the rate of application. If product remains in spreader after application to recommended square foot coverage, spread remainder over the same area going at right angles (See Diagram).

SPREADER	SPREADER SETTINGS
ferti-lome® By Spyker	4

Apply this product at 4 lbs. per 1000 sq. ft. Maximum of three annual applications.

3. HERE ARE THE RESULTS YOU MAY EXPECT!

Green, healthy Lawns are easily obtained and maintained with the use of **ferti-lome® CENTIPEDE LAWN FERTILIZER**

NOTE: This product is not recommended for Container Grown Plants.

WARNING: This product contains Iron. Iron stains sidewalks, driveways and ornamental cement lawn fixtures. Use caution around these items. If this product comes in contact with sidewalks, driveways, or cement lawn fixtures, sweep product off with broom.

DO NOT TRY TO WASH PRODUCT FROM SIDEWALK OR DRIVEWAYS.
