

**GREEN LIGHT**  
**HOUSE & YARD**  
**INSECT CONTROL RTU**

**For Indoor & Outdoor Use, Ready-To-Use.  
Water-Based, Non-Staining, Keeps Killing For Up To 120 Days,  
Kills Fast, No Unpleasant Odor, No Shaking Required.**

**Active Ingredient:** Deltamethrin 0.02%

**Size:** Gallon

**Usage & Application:**

**Indoor Pests:** Apply *Green Light House & Yard Insect Control* as a coarse spray to localized areas where Ants, Cockroaches, Clover Mites, Crickets, Firebrats, Silverfish, Sowbugs (Pillbugs), and Spiders are found. Include dark corners of rooms and closets, cracks and crevices in walls, along and behind baseboards, beneath and behind sinks, stoves, refrigerators, and cabinets, around plumbing and other utility installations.

**For Control of Fleas and Ticks:** For spot treatments, spray thoroughly on infested areas including cracks and crevices, along and behind baseboards, window and door frames, and areas of floor and floor covering where these pests may be present.

**For Flying Insects:** To control Houseflies, Stable Flies, Deer Flies, Gnats, Mosquitoes, and other insect pests. Spray localized resting areas thoroughly until surfaces are wet. Insects coming to rest on treated surfaces will die.

**For Control of Garden Insect Pests:** For use on Roses, Dahlias, Euonymus, Geraniums, Marigolds, Snapdragons, and other ornamental plants to control Aphids, Whiteflies, Spider Mites, Lace Bugs, Thrips, Japanese Beetles, Armyworms, and other insect pests. Contact insects directly whenever possible. Repeat treatment as infestations occur.

**Outdoor Pests:** Spray the outside surfaces of screens, doors, window frames, and wherever these insects may enter the room. For control of Ants, Scorpions, and other insect pests, spray outside surfaces of buildings and other structures.

**Ants, Fleas, Ticks, Crickets, and Earwigs:** For treatment of localized infestation of these insects in outdoor areas where there are weeds or brushy non-crop areas, spray infested areas thoroughly.

*Green Light House & Yard Insect Control* contains Deltamethrin, a high-performance insecticide specially designed to be used in very low concentrations, which translates into less impact on the environment. The active ingredient has a long residual, providing many weeks of control.

**DO NOT APPLY TO CARPET OR UPHOLSTERY – MAY CAUSE STAINING**
