

GREEN LIGHT

MANY PURPOSE DUST

**Contains Delta Dust.
Indoor/Outdoor, Long-Lasting,
Non-Staining, and Odorless.
Controls Fire Ants, Fleas,
Ticks, Termites, and More.**

Active Ingredient: Deltamethrin 0.05%

Sizes: 1 Pound

Usage & Application:

The amount to be applied will vary with the site, but should usually be in the range of 0.5 lbs per 1,000 sq ft. Repeat as necessary to maintain adequate control.

Indoor Use:

Ants, Cockroaches, Silverfish, and Many Other Insects: Apply Green Light *Many Purpose Dust* thoroughly to all areas where these pests crawl and hide, especially in cracks and crevices, on hidden surfaces around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks, and stoves, in attics and crawl spaces.

Ticks and Fleas in Buildings: Apply *Many Purpose Dust* to infested areas such as pet beds and resting quarters, nearby cracks and crevices, under the edges of rugs and floor coverings, between and under cushions of upholstered furniture, and other areas where these pests may be present.

Pillbugs, Ground Beetles, Earwigs, Millipedes, and Scorpions: Apply *Many Purpose Dust* around doors and windows and other places where these pests may enter premises. Treat baseboards, storage areas, and other locations where these pests are found.

Outdoor Use: As a residual treatment for control of Ants, Cockroaches, Millipedes, Slugs, Spiders, and other insects, apply powder around windows, doors, porches, screens, eaves, patios, garages, and other areas where pests hide.

Fire Ant Mound Treatment: Thoroughly apply dust to adequately cover mound and around the perimeter (18" from outer edge of the mound). **Do Not Disturb Mound Prior to Application.** Treat all colonies in the vicinity. **Alternate Treatment:** Evenly sprinkle one tablespoon of *Many Purpose Dust* over the top of each mound. Do not water in. Allow 3 to 4 days for maximum control, then retreat as necessary.

Green Light *Many Purpose Dust* contains Deltamethrin which controls many different insect pests. The odorless powder kills insects for up to 8 months.

DO NOT APPLY TO CARPET OR UPHOLSERY – MAY CAUSE STAINING
