**Broad Spectrum Insecticide, Fungicide,  
And Miticide For Control Of Insects,  
Diseases, And Mites On Fruits, Nuts,  
Vegetables, Trees, And Ornamentals.**

**Active Ingredient:** Clarified Hydrophobic Extract of Neem Oil 70.0%

**Size:** Pint

### **Usage & Application:**

**Insect Control on Fruits, Nuts, Vegetables, and Ornamentals:** Apply one (1) ounce (2 tablespoons) per one (1) gallon of water for control of Aphids, Leafminers, Mealybugs, Spider Mites, Scales, Whiteflies, Squash Bugs, Beetles, Thrips, and other insect pests. For use on Apples, Citrus, Peaches, Pears, Plums, Melons, Berries, Almonds, Pecans, Walnuts, Beans, Carrots, Lettuce, Squash, Tomatoes, Radishes, Turnips, and many other fruits and vegetables.

**Disease Control on Fruits, Nuts, Vegetables, and Ornamentals:** Apply one (1) ounce (2 tablespoons) per one (1) gallon of water for control of Anthracnose, Downy Mildew, Powdery Mildew, Scab, Rust, Botrytis, Blight, Mold, Leaf Spots, and others. Begin applications when conditions are favorable for disease development. Apply on a seven (7) to fourteen (14) day interval until threat of disease is over.

**Green Light *Neem Concentrate*** is a hydrophobic extract from the seeds of the Neem tree. It controls the major insect pests and diseases on a wide variety of edible crops. As a fungicide, ***Neem Concentrate*** works primarily as a protectant to prevent infection of the plant tissue. It will also kill fungi by contact on the leaf surface.

As an insecticide/miticide, ***Neem Concentrate*** works to smother and repel pests. It kills pests quickly and repels them for one (1) to two (2) weeks.
