

GREEN LIGHT

SNAIL & BUG BAIT

**For Use In Lawns, Ornamental Gardens,
Around Homes, And Vegetable Gardens.**

**No Known Insect Resistance, Photo-Decomposition,
Or Thermal Degradation.
Odorless, Waterproof, and Long-Lasting.**

Active Ingredient: Niban 5.0%

Sizes: 1 Pound Shaker Can
3 Pound Jug
(One Pound Treats Up To 500 Square Feet)

Usage & Application:

To Control and Kill Ants, Cockroaches, Crickets, Mole Crickets, Snails, and Slugs on Lawns: Apply bait evenly to affected areas at the rate of 1 pound per 500 square feet (3.2 ounces or 2/3 cup per 100 square feet).

Exterior Baiting to Control and Kill Snails and Slugs in Flower Gardens and Around Ornamentals, Groundcovers, and Shrubs: At the beginning of the Spring planting season (before damage occurs), broadcast 6 ounces per 100 square feet in areas likely to be infested with Snails and Slugs. It is best to apply the bait during early morning or evening when slugs and snails are present and eating. Reapply every four weeks for satisfactory control.

To Control and Kill Snails and Slugs in Interiorscapes or Fruit and Vegetable Gardens: Evenly apply bait at a rate of 6 ounces per 100 square feet, no more than once every 4 to 6 weeks.

To Control and Kill Ants, Cockroaches, Crickets, Earwigs, and Silverfish Within and Around the Exterior of Homes, and Apartment Buildings: Apply at a rate of 1 pound per 250 square feet (6 ounces or 1.25 cups per 100 square feet) of surface area.

For Perimeter Treatments: Spread bait at a rate of 6 ounces or 1.25 cups per 100 square feet in a band at least 2 feet wide around foundations, patios, driveways, sidewalks, entrances to homes and buildings, or other areas where insects are present. Apply around landscape lighting, floodlights, street lamps or other exterior fixtures and scatter bait in flower beds, leaf litter, wood piles, trash cans and refuse areas. Reapply as necessary.

For Treating Ant Mounds: Apply 1/2 to 1 ounce of this product around all ant mounds. Supplement by broadcast application in immediate area and along ant trails and in areas where ant activity has been noted.

Green Light Snail & Bug Bait contains Niban® - an effective minimum-risk product for control of many insect pests. This long-lasting weather/moisture resistant bait allows for children and pets to enter the treated area immediately after application.
