

SLUGGO® PLUS

Insect, Slug & Snail Pellets

For Outdoor Use Around Residential Sites

- Kills Earwigs, Cutworms, Sowbugs, Pillbugs, Slugs, Snails
- Contains Spinosad
- Spinosad is Derived from a Naturally-Occurring Soil Dwelling Bacterium
- Iron Phosphate Occurs Naturally in Soil
- Easy-To-Use Pellet Formulation

Active Ingredient:	
Iron Phosphate	0.97%
Spinosad (a mixture of spinosyn A and spinosyn D)	0.07%
Other Ingredients	98.96%
Total	100.00%

EPA Reg. No. 67702-24-54705

EPA Est. No. 48498-CA-1

KEEP OUT OF REACH OF CHILDREN CAUTION

FIRST AID

If In Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact the National Pesticide Information Center hotline at 1-800-858-7378 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

ENVIRONMENTAL HAZARDS

For terrestrial uses. This product is toxic to aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

QUICK FACTS:

- Kills Insects, Snails and Slugs
- For Use Around Vegetables, Fruit Trees, Citrus, Berries, Ornamentals, Shrubs, Flowers, Trees, Lawns, Gardens and in Greenhouses (non-commercial)
- 1 Lb. Treats 2,000 Sq. Ft.
- Lasts Up To 4 Weeks

PESTS CONTROLLED: Earwigs, cutworms, sowbugs, pillbugs, slugs, snails.

APPLICATION DIRECTIONS:

Scatter the bait granules on the soil around or near the plants to be protected with a suitable hand or power operated spreader (gravity or rotary) to ensure uniform coverage over the treatment area. Apply bait evenly at approximately 0.5 to 1 lb. per 1,000 square feet, or for smaller areas, 0.075 to 0.15 oz., or 0.5 to 1 teaspoon, per square yard. Do not place in piles. For slugs and snails also scatter the bait around the perimeter of the area to provide a protective "barrier" for slugs and snails entering the area. If the ground is dry, wet it before applying bait. The product works best when soil is moist but with little or no standing water. Do not use food utensils such as tablespoons, cups, etc. for food purposes after pesticide use.

Evening is the best time to apply the bait as pests travel and feed mostly by night or early morning.

Treat all likely areas of infestation, especially around the perimeter of garden plots for slugs and snails, because these pests travel into plant areas from daytime refuges. They favor damp places around vegetable plants such as beans, tomatoes, lettuce, cabbage, celery and squash. Other favorite areas are flower gardens, rockeries, hedges, dichondra, lawns, ivy patches, and other ground cover where they obtain shelter by day.

Do not apply more than 3 times in any 30 day period. Apply at the higher rate if the infestation is severe. Re-apply after heavy rain or watering. Do not apply within 3 days of harvest.

For seedlings, spread the bait around the base of the stem. For trees or shrubs, spread the bait around the base of the tree. For small plots, treat around the base of the plants to be protected. In greenhouses, scatter the bait in the pots of plants being damaged or around pots on greenhouse benches.

USE SITES:

Vegetables, including: artichokes (globe), asparagus, beans, beets, broccoli, Brussels sprouts, cabbage, cantaloupe, carrots, cauliflower, corn, cucumbers, eggplants, garlic, lettuce, onions, peas, peppers, potatoes, radishes, rutabagas, spinach, soybeans, squash, Swiss chard, tomatoes and turnips.

Fruits, including: apples, avocados, apricots, cherries, grapes, melons, peaches, plums, citrus, pears.

Berries, including: strawberries, blueberries, loganberries.

Outdoor Ornamentals; Greenhouses (non-commercial); Lawns; Turf.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals.

CONTAINER DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY

Seller warrants that this product conforms to the chemical description on this label and is reasonably fit for the purposes stated on this label only when used in accordance with directions under normal use conditions. This warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions or under conditions not reasonably foreseeable to seller. Seller makes no other warranties, either express or implied.
